NOTES.

In all cases the value of the property involved or the amount of damages claimed must **be stated** in the writ of summons.

Where one summons contains more than one claim, separate fees for the **summons and hearing** are payable on each claim.

The same fees are payable on a counter-claim as if the claim had been made by **summons**.

Half the hearing fee is payable where the whole cause of action is **admitted at or before** the commencement of the hearing.

Where an officer serves or executes more than one document or writ on the **same route**, one **mileage** fee only is charged; and it is to be apportioned amongst the documents or writs.

Where the Sheriff or Registrar executes any duty in person by direction of the Court, he is **entitled**, instead of mileage fees, to his actual travelling expenses, and such travelling allowances **as the** Court may direct.

The fee paid to the Sheriff and Officers of Court cover all such expenses as cost of paper, **preparation** and posting up and delivery of notice, hiring, and ringing of bells and the like.

The Court may in any case, Civil or Criminal, require a witness's expenses to be paid or secured before issuing a subpoena for the witness.

The travelling expenses of witnesses in all Civil and Criminal causes shall be allowed according to the sums reasonably and actually paid.

An officer in the Public Service when summoned as a witness, except when summoned by the Crown, is allowed costs and travelling expenses as if he were not in the Public Service. When a witness actually attends for less than one hour, he may be allowed only half costs if the Court thinks fit.

In Criminal proceedings the Court may, if it thinks fit, direct re-payment of any fees paid.

No fees are taken which would be payable by any Public Department; but in Criminal proceedings such fees shall nevertheless, where they would ordinarily be payable, be taken as paid for the purpose of assessing any costs which the Court shall direct to be paid.
